## IBM Watson IOT Platform Device ID Created :

The screenshot displays the IBM Watson IoT Platform dashboard. The top navigation bar includes the platform name, a user profile icon, and the user ID: 731219205011@smartinternz.com. The main content area shows a list of devices under the 'Browse' tab. A search bar is available, and a 'Device Simulator' toggle is present. The device list includes columns for Device ID, Status, Device Type, Class ID, and Date Added. One device, 'PNTIBM', is highlighted, and its details are shown in a modal window. The details include Identity, Device Information, Recent Events, State, and Logs. The device is currently 'Connected'.

Device ID	Status	Device Type	Class ID	Date Added
PNTIBM	Connected	PNTIBM	Device	31 Oct 2022 07:57
